### THE YOLO COUNTY ARCHIVES

The Yolo county Archives is the repository for historical records of the County of Yolo. Most of the records have been indexed. Many of the indexes are available at the Archives and others remain with the office of origin.

Because the Archives is affiliated with the Yolo County Library, some of the library's collection is available for use at the Archives. This includes city directories, and volumes on Yolo County history and architecture.

The manuscript collection of the Archives is also a useful resource for researchers. Approximately half cataloged, it consists of records from twenty-one county departments and fifteen private donors. Records include newspapers, official records, photographs, title abstracts, maps and blueprints.

The Archives has been funded jointly by the County of Yolo, by contributions from the Friends of the Yolo County Archives and by grants from the National Historic Preservation and Record Commission.

Research is offered by Friends of the Archive volunteers. The first 30 minutes is free. Further research is \$10.00 per hour. Proceeds benefit the Yolo County Archives.

This concludes the Class 1 Civil War Draft record for Solano County. The first listing of names was run in the *SCGS Root Digger Quarterly*, 2nd Qtr 19998, along with a one page explanation of the source. Each quarterly since has had an on-going list of this record.

If you would like to view the film of the actual source, the SCGS Library has a copy that was purchased from the National Archives in Washington D. C.

This district (41) included men who resided in Benicia and Vallejo. However, there were eight men who resided in San Francisco and one who resided in Napa. There is a notation next to those nine names.

### Solano County Civil War Union Draft Records Consolidated List – Class 1 – Sub District 42 by Jennie Wright

The first national draft in U. S. history was authorized by President Lincoln when he signed the Enrollment Act on March 1863. It was created to provide more men to fight for the Union in the Civil War.<sup>1</sup>

The SCGS library is the proud owner of the film for the Consolidated List of the Civil War draft for Solano County. This was made possible by the interest and initiative of SCGS member Nancy Morebeck who worked with the personnel at the National Archives in Washington, D. C. to have the Solano County Records filmed. It is the only copy and is available for your viewing. Also in the near future a paper copy will be available for viewing.

The Civil War draft records are housed at the National Archives, located in records of the Provost Marshall General's Bureau, Record Group 110. The address: National Archives & Records Administration; Seventh & Pennsylvania Ave NW; Washington, D.C. 20408. Telephone number (202) 501-5385. These records have not been filmed. Other societies may wish to inquire about the filming for their particular county as these records continue to be used and may deteriorate with time.

The names in this computerized index is for the Consolidated List, which asked for the following information: Residence; Name; Age as of 1st July, 1863; White or Colored; Profession, Occupation or Trade; Married or Unmarried; Place of Birth; & Former Military Service.

This list is for *Class 1*, which included all persons liable for military duty between the ages of 20 and 35 years, and all unmarried men subject to military duty between the age of 36 and under the age of 45<sup>2</sup>.

The Consolidated List, class 1 for the Solano County Civil War draft records consists of three subdistricts: sub district 41 included residences: Vallejo & Benicia, sub district 42 included the residences: of Rockville, Suisun Valley, Green Valley, Fairfield, & Suisun City. Subdistrict 43 included the residences: Rio Vista, Maine Prairie, Vacaville, Denverton, & Tremont. The list in this quarterly is for subdistrict 42 and will be continued in the September quarterly.

This computerized index is the third time the data has been transcribed. It was first transcribed by the person who initially obtained the data. Second by the person in Washington D. C. who transcribed the raw data onto a pre-printed form, (see example on page 39). On the pre printed form all the "A's, B's, & etc." are grouped together, but not in exact order.

A creative and imaginative search may be needed when perusing this source because there appears to be discrepancies in the spelling of names and other information.

For a detailed explanation of the Civil War Draft Records and how to order individual records see *Civil War Draft Records, An Index to the 38th Congressional Districts of 1863*, by Nancy Justus Morebeck. The book is available for purchase by writing to: Nancy Morebeck, 409 Dennis Dr., Vacaville, CA 95688-2119. Cost: \$10:00 + 2:50 S&H.

## Example: section of page 31 from 43 Sub-Northern District

This page had all the names that started with the alpha "N." Note line 11 is listed as "Nentworth, Silas. Is this really Nentworth or should it be listed with the "W's" as Wentworth, Silas.

Also note line 12 - Nyers, John. Is this name really Myers, John?

Folks need to be creative when using these records to search for their ancestors. Many times names are transcribed more than once, as in this case.

# Solano County Civil War Draft Lists Data Base

## BACKGROUND

The first national draft in U.S. history was signed by President Lincoln with the Enrollment Act on March 3, 1863. It was created to supply men to fight for the Union after the number of volunteers continued to dwindle. The length of the war, severity of wounds, and care of the wounded all contributed to the lack of volunteerism. Under the new draft bill, all eligible males between the ages of 20 and 45, both white citizens and aliens, who had declared their intent to naturalize, were eligible for the draft. Males 20 to 35 were to be drafted first, followed by all married men between the ages of 36 to 45. Males ages 17 to 20 could serve with the consent of their parent or guardian. The records of the draft include men born between 1818 and 1843 who did not serve as well as those who served in the Army during the Civil War. The draft applied only to men residing in states of the United States under Union control.

## THE CONSOLIDATED LISTS

The Consolidated Lists are the draft registration records that resulted from the Civil War draft. **All males** between the ages of 18 and 45 who were residing in Union states were to sign up. The Consolidated Lists can provide useful data on males born between 1818 and 1843. Information requested of draft-eligible men found in the Consolidated Lists include full name, place of residence, age, occupation, marital status, place of birth, and prior military service. The Consolidated Lists are contained in Record Group 110 at the National Archives and Records Administration I. The records of the Consolidated Lists **are available by mail request** from the National Archives and Records Administration. It is necessary to provide the Archives with the Congressional District in which the male was residing at the time. Following are the Consolidated Lists from Solano County, California. Solano County Genealogical Society purchased microfilm copies from the National Archives of the Civil War Draft, Consolidated List. The list which survived is Class I, which contained all men ages 20 to 35 and unmarried men to age 45. Solano County's Class II List, (married men age 36 to 45) did not survive. The Class I list is arranged in three subdistricts. The names are copied as they were from the original list. They are somewhat alphabetical to the first letter of the surname. If your name started with an L, check T and F as a possible spelling, if started with an M check N, etc. Be sure to check each list as people were mobile in this time period. The ancestor may not have been listed in the township where you believed he was residing. Copies of the original page are available for the usual research charge.

**Sub District 41:** This district included men who resided in Benicia and Vallejo. However, there were eight men who resided in San Francisco and one who resided in Napa. There is a notation next to those nine names.

**Sub District 42:** This district included men who resided in Fairfield, Green Valley, Rockville, Suisun City & Suisun Valley.

**Sub District 43:** This district included men who resided in Denverton, Maine Prairie, Rio Vista, Silveyville, Tremont, & Vacaville.

NATURALIZATION RECORDS

During the 19th century any court of record at any level of government - city, county, state, or Federal - was authorized to conduct naturalization proceedings and the records may still be with that particular court. In other instances the records may have been turned over to an archival institution but the court has retained the indexes. The regional archives branches, in most instances, have only those Federal naturalization records found in their appropriate regions. Naturalization records have not been microfilmed. In most cases naturalization was performed in non-Federal courts. To begin a search for a naturalization record one should write first to the Clerk of the appropriate city, county, state, or Federal Court to determine the location of the records and the petition number before attempting to use the naturalization records.

Two kinds of documents were filed to become a naturalized citizen, the declaration of intent and the petition. Declarations of intent were not necessarily filed in the same court as the petitions since a 3 to 5 year (or longer) period had to pass between the filing of the two documents. In the meantime the potential citizen may have moved or the courts might have reorganized. Also, some courts filed civilian petitions separately from military petitions and your request for a petition should indicate if you are seeking a military or civilian petition.

— This Branch holds naturalization records for the following courts, but we cannot service your request without a petition or declaration of intent number. Please write to the Clerk of the Court for the appropriate information.

— The naturalization records you have requested may be in a city, county, or state court or local historical society. Please check with the Clerk of the Court for the location of these records.

— We do not make extensive searches in response to letters or telephone calls concerning information about specific individuals. You or your representative are welcome to use the records in our search room (7:45 AM to 4:15 PM, Monday thru Friday)

— The Immigration and Naturalization Service, Washington, D.C. 20536, has duplicate records of all naturalizations that occurred after September 26, 1906. Inquiries about citizenship granted after that date should be sent to the Service on Form N-585 which can be obtained from any of the Service's district offices.

In the book: The Great Register of the County of Solano, State of CA - 1880. I found the name of my great-great-grandfather, Nicholas Francis, on the Naturalization records for Dec 10, 1866, Solano County, born France about 1831.

If possible I would like a Xerox copy of this record. To cover the cost of it, enclosed check for two (2) dollars.

Also could you please tell me when your birth, marriage, death and burial records start. And what are the cost for the copies.

## Man Is Charged With Statutory Rape of Girl

## Reports Theft Of Six Pairs Of Trousers

James Oliver Hogue, 34, of Box 308 Del Paso Heights, was arrested early yesterday in his home on a warrant for statutory rape. It is charged that he had been living for several months with a 14-year-old Rio Linda girl.

The girl's parents, Alex and Verna Renfro, of Route 2, Box 3570, Rio Linda, already are in jail on charges of contributing to the delinquency of a minor. Sheriff's office said they had

Robert T. Johnson, of 1527 F Street, reported to police yesterday that his apartment had been entered some time Saturday night and six pairs of trousers, a radio-phonograph combination, and a .38 caliber revolver were stolen.

There was no sign of forced entry, police said. Apparently the thief picked the lock on the door. Value of the stolen goods was placed at \$250.

# Boat Captains Dies Age 81

Charles S. Ralph, 81, the last of the old Sacramento River steamboat captains, died yesterday in a local hospital. He lived at 2557 Marty Way. Services will be held tomorrow at 11 A. M. from Miller and Skelton.

Ralph had been a resident of Sacramento for more than 50 years. He worked for river steamship companies in his youth, and later became a captain. For many years he plied the river between San Francisco and Colusa. His last run was made in 1913.

Before he retired, Ralph also was interested in the laundry business. He was a native of Stockton.

## WINTERS BOY RELATES EXPERIENCES ON SEA; TELLS OF SURRENDER OF GERMAN SHIPS; CHATS WITH PRISONERS

To Miss Pearl Brink, Wm. McGarr, Winters boy who is living on the U. S. S. Charles, writes of his experiences since leaving Mare Island. Among other interesting incidents, he tells of being divided, of talking with German prisoners and of seeing the surrender of German ships. Here is the letter:

Southampton, England.

December 5, 1918.  
Dear Pearl: Since the censorship has been lifted this is my first opportunity to write you a few lines concerning my trip and experiences.

We sailed from Mare Island, June 1. From there we went through the Panama canal to Norfolk, Virginia, which took us twenty-eight days, and I will say it was twenty-eight days of hell, as nearly as I can express it. I did not get back to even give out under the strain, but there were very few of the crew who did not give out once or twice while in the neighborhood of the canal.

**SALT WATER RESTORATIVE.**  
I gained weight all the time, while most of the other fellows looked like ghosts. I have seen as many as five frames at one time lying on plates in the fire-room, exhausted. We turned the salt water on them and kept on firing.

We were on now and it sure is easy just to sit down and watch it burn. It was too hot to sleep in our bunks so we slept on the deck. There were many other hardships which I will tell you about later.

It took eight hours to go through the canal. It surely is a fine piece of work.

### DANCES WITH SHIP.

When we reached the eastern coast we hit some very rough water and the old U. S. S. Charles was for a few days dancing the latest rags. But I have learned to dance with her, and ride the waves as high as they can go. They were washing her top deck.

We arrived in Norfolk and stayed there for several weeks. From there we had a fair sea across to Southampton, England, where we make our headquarters. It is a large shipping port and a very nice one, but do not like the English people. The French are much better to the soldiers and sailors.

### CHANNEL INTERESTING.

We make trips across the channel to La Havre, France, which is about 150 miles. I have seen some very interesting sights crossing the channel.

We take troops over and bring back the wounded and prisoners. There was a hospital ship sunk by a "sub" just ahead of us one night, and believe me, we made knots. There were several hundred wounded soldiers and nurses lost.

Another time a troop ship, was sunk alongside of us, losing quite a number of British soldiers. We often see ships that have been hit make it to port safely.

### DIVERED, BUT SAVED.

This is what happened to us. Got hit one night about 8:30. I was in bed at the time, but was not long making it to the top side. We were in the middle of the channel and were struck in the bow of the boat, which tore a big hole in her. She was leaking badly as we made port. If we had been hit amidships or either fire room, we would never have been here to tell of it. We have been very lucky, as there has been quite a number of ships sunk on this run, but the Charles is too fast for them. I am glad I have gone through it all, as I would not have been satisfied if I had not been in the swim with the rest. I can stand anything the rest can.

We all rate a gold chevron on our blouse now for our six

months service in the war zone.

### TALKS TO PRISONERS.

We brought over a load of German prisoners the other day. One bird gave me a piece of German coin and wanted me to give him two cigarettes, so I took the money, put it in my pocket and walked off. Another had three iron crosses and I tried to get one from him, but he wouldn't give it to me, but probably would have had on anyway if the guard had not been right there.

### SEES SHIP SURRENDER.

While we were in Portsmouth the other day two German subs, which had been operating in the channel, came in floating the white flag. There are more expected in La Havre, and I am going to try to go aboard one if they will let us.

I haven't any idea when I will be home, but a great many sailors from the ships are being discharged, so expect to be out soon. Most soon, wishing you all a Merry Christmas and a Happy New Year.

WM. MCGARR.

## Appeal for Subscribers to Red Cross Magazines Received by I. E. Brink

A special appeal has just been received by Chairman I. E. Brink of the Red Cross membership drive, asking that every effort be made in this county to increase subscriptions to the Red Cross magazine while the present drive is on.

Pacific Division Manager R. B. Hale conveyed word to this effect in a telegram which arrived Monday. "We would appreciate your using your best endeavors to comply with the request from Washington headquarters and report as many subscriptions as possible by January 10, giving complete report at that time," is the word sent.

Mr. Brink states that all who have taken out memberships during the present drive may become subscribers to the Red Cross magazine by giving an additional dollar at one of the booths. The magazine is a splendid article and contains many interesting articles and stories pertaining to the work of the Red Cross, both home and overseas, and is well illustrated. It is a monthly publication.

Letters have been sent to the various branches by Mr. Brink, asking that a full report of memberships be sent in after the close of the drive on the 23rd of this month. Up to December 23, the last date on which a report was filed, memberships for the county totaled 4266. It is hoped to raise this amount to 5000 and also to add many subscribers to the magazine.

After the close of the drive magazine subscriptions will not be received, as they can only be issued with memberships.

## Aches

Aches are the father of troubles. Croupches produce ill temper and irritableness, and these hinder you to your grave.

For a very little we sell you the remedies that kill the aches as soon as they appear.

The most profitable small investment possible to make in this city—is in a Want Advertising Campaign in the "Democrat". The total cost of such a campaign, continued until the result desired is secured, rarely amounts to even a "bargain-price" payment for that result.

To look one's best and feet one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ash, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

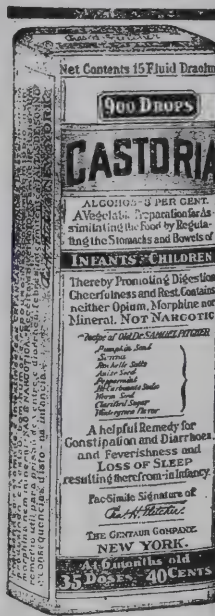

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire

alimentary tract, before putting more food into the stomach.

Girls and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphated hot water drinking in one or two weeks.

A quarter pound of limestone phosphate is very little at the drug store, but is sufficient to eliminate the just as soap and hot water cleanses, purifies and refreshes the skin on the outside, so hot water and limestone phosphate cleanses the inside organs. We must always consider that internal sanitation is vastly more important than external cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

Women who desire to enhance the beauty of their complexion should just try this for a week and notice results.

## MRS. FRANK MILLER ASKS FOR LETTERS ON ESTATE

In a petition filed here late Thursday by Mrs. Jennie Miller asking to be appointed administratrix of the estate of the late Frank J. Miller, who met a tragic death at Suisun last May 20, it is cited that the probable value of the estate is \$5000 and that the annual revenue from certain property is \$1000. The deceased left no will. The estate consists of barley, crops of hay and grain, farming implements, stock, a traction engine and farming implements. The heirs are the widow, and the mother, Mrs. Bridget Miller Nary.

disaster and chaos in America. radios, sewing machines, oranges, apples, walnuts, the every-day necessities of America, which are today longed for luxuries in China.

Mr. Chang toured many of our big industrial plants. And in the Kaiser shipyards he found extensive surveys and maps on the potentialities of China, already under study. He also found Clay Bedford, who directs 91,000 workers in the four Richmond yards, preaching the gospel that America's fate is bound up in raising the living standards, and the wages, of China's 450 million people to the point where they can become buyers of American products.

That is a hopeful sign for American industrialists like Kaiser, who will help to build the new China, can also help to lay the foundation for a wage system which will raise China's standard of living, if they refuse to exploit Chinese workers and pay them wages which will enable them to become buyers.

That, as this writer said in the preceding article, is the only sound basis on which this nation can become a free trade nation. We can't afford to wreck our own economic system and high wage and living standards by letting down the bars to the importation of cheap-labor products. But we can and should do our utmost to raise world wage standards, wherever American business and industry operate, until the day may come when tariff restrictions can be safely relaxed and free trade can be welcomed by agriculture and industry alike.

Until that day comes, and it will take years to achieve it, the American farmer must, of necessity, safeguard his American markets, where he must still sell the bulk of his produce. And if American industry is wise and provident it will remember that it, too, still sells

FIRSTLY: I hereby declare that I am single and unmarried and that all of the property owned by me is my separate estate; that my only children and heirs at law are Obie Lowe, Lucille Lowe Purinton, Ruth Lowe, Edmund Lowe and Claire Lowe.

SECONDLY: I give, devise and bequeath all of my estate of whatever kind or nature that I may own at the time of my death to my said children, Obie Lowe, Lucille Lowe Purinton, Ruth Lowe, Edmund Lowe and Claire Lowe, share and share alike, to be held by them absolutely, provided, that if my said daughter, Ruth Lowe, is not twenty-one years of age at the time of my death, I direct that her share be held in trust by my son, Edmund Lowe, if he is twenty-one years of age at the time of my death, and, if not, then by E.E. That the said trustee shall possess, manage and control her share of said estate, renting, selling, leasing, exchanging or mortgaging said property as he may deem best to the end that my said daughter Ruth be properly supported, maintained and educated until she reaches the age of Twenty-one years. If my daughter Ruth dies before attaining the age of twenty-one years then her share of my estate shall go to my other children named herein and the survivor or survivors of them, share and share alike.

# SOLANO SECTION

## St. Gertrude's Academy in Rio Vista 1876-1930

Solano County Genealogy Society's Library is proud to list among its holdings, the Roster of the Alumni Association of St. Gertrude's Academy. The Academy was an educational institution in Rio Vista from 1876-1931. The original copy of the roster of the association was found at the Rio Vista Public Library. Volunteers from the society copied the volume with the Public Library's permission in about 1989. The Rio Vista Library burned several years after the copy was made making the Alumni Roster a possible one-of-a-kind copy.

### Historical Notes

St. Gertrude's was founded as an academic boarding school for girls in Rio Vista as a direct result of the donation from one of Rio Vista's earliest pioneers, Mr. Joseph Bruning. Bruning became a large landholder near Rio Vista as well as being half owner of a laundry business and a partner in a large lumber company. Bruning was also the father of three daughters and had donated land in 1862 for Rio Vista's first public school. In order to give the kind of education he wanted for his daughters, he then donated the land and finances for the establishment of a Catholic School. The school was named St. Gertrude's after Mrs. Elizabeth Gertrude Bruning, Joseph's wife.

The usual school curriculum was taught as well as Catholic religious instruction and the important cultural subjects such as piano, instrumental music, painting, choir, chorus, creative writing, and fine needlework. Soon students came from the Mother Lode country; from the affluent farmers from Williams, Chico, Red Bluff; as well as merchants from San Francisco and Sacramento who all sent their daughters to the new Sisters of Mercy School in the small delta town. It should be remembered that St. Gertrude's Academy also educated males. The statement of attendance from 1878 roster lists the following:

Pupils in Young Ladies Academy	40
Pupils in Boys' Department	40
Pupils in Primary Department	35
Total attendance	115

In 1878, there were 26 boarding pupils and several applications have been made for the next session, January of 1879.

### St. Gertrude's Alumni Association and the Index

The St. Gertrude's Alumni Association was founded in 1925 by Sister M. Ursula at a gathering of former pupils of the Academy. It was created to perpetuate the friendships between the boarder, day students, and teachers of St. Gertrude's. The Roster was created during the years 1948-1949 by former pupils through personal exchange of letters, personal interviews, phone interviews, or interview of close relatives of those who attended the Academy. The roster is in sections, with additional data being added as more data was available. Another index was prepared listing the staff of St. Gertrude's Academy as well as the working officers and committee members of the Alumni Association.

Seaman still owns his early possessions. Sarshal and Mathew Wolfskill located near their brother John's on Putah creek. James Sweany, Wm. Cole, O.P. Jones, James Simpson and the Gibson Bros., located on and near Sweany creek. Elijah S. Silvey located in the center of the plain, midway between Vacaville and Davisville, in 1852, giving his name to the old town and the town of Silveyville. J.B. Tufts, R.S. Phelps, Thos. M. Gregory, Fred Werner and Martin Wester were the first settlers in the vicinity of the old Solano House. Mathew Haas, S.R. Sneed, S.G. Little, J.C. Merithew, J.N. Utter, G.B. Triplett, Samuel Triplett, Gus Luttges and widow Lewis were among the first settlers of the Maine Prairie.

N.H. Davis, A.G. Westgate and J.M. Sidwell were the first to locate in old Rio Vista. The new town is of recent origin, having been laid out since the flood of 1862.

Dr. H.H. Toland and Benj. F. Lee had a sheep ranch in the Montezuma hills in the early fifties, and J. H. Bauman, located on Bauman's ravine with sheep in the early days, while Adams, Jones, the Townsend Bros., Dr. Coskery, De Costa and others had their stock ranches between Denverton and Collinsville. Dr. Nurse, the Stewarts, the Arnolds, the Sheppards, Robert Allison and J.A.C. McCune were the first settled in Denverton and vicinity. The Luce Bros., Job and Johnson, and Hiram Rush, were the first settlers of Potero hills.

The record I have recited related to the county prior to the year 1856, and I have made no mention of the settlement of the towns of Suisun, Fairfield, Dixon and New Rio Vista, nor have I mentioned Vallejo for the reason that, at that early day, I knew but little about that locality, scarcely knowing any one who resided there.

The early pioneers of Solano had many privations and many obstacles to contend with. Our first fences were ditches, brushed with limbs from the valley oaks and our houses were constructed of poles and shakes made from the valley oaks, or redwood shakes and rails hauled from the Napa redwoods, while a few bought houses shipped from Boston.

The first settlers of the county were a hardy, enterprising and intelligent set of men. They were moral and upright beyond expectation, and religious to such an extent that camp meetings and church services were the welcome order of the day, and in support of this I have only to cite to the fact that the building of the Rockville stone church was the result of only one camp meeting collection; and it would be proper for me to say further that, of the many hundreds who lived in the county in the early days, I cannot now recall the name of a single person who was condemned to the penitentiary. I wish now to touch upon an anomaly that has occurred to my mind many times during my long residence in the county, which is this: I have found that

the men of Solano are all the peers of any men on the coast. There always were and are today as much brains in this section as anywhere else in the State, but it is singular and mortifying to relate that but few residents of the county have ever achieved any hearty recognition of their learning or talents until they removed beyond the borders of the county and sought and found recognition in other and more appreciative communities. Such thing arose partly from jealousy, partly from a selfish dog in the manger habit, or partly perhaps, like the Israelites of old, they believed that nothing good could come out of Nazareth. And in conclusion, I wish to say to the Native Sons, into whose hands we are about to commit the commonwealth emulate our virtues, take lessons from our enterprise, practice our self-denial, economy and benevolence, but avoid our shortcoming and mistakes; and may this matchless climate, this fruitful soil and this favored section, so far on the high road to refined civilization, become a prosperous and happy heritage to you, is the ardent wish and earnest prayer of every surviving Solano county pioneer.

## **St. Gertrude's Academy in Rio Vista 1876-1930**

Solano County Genealogy Society's Library is proud to list among its holdings, the Roster of the Alumni Association of St. Gertrude's Academy. The Academy was an educational institution in Rio Vista from 1876-1931. The original copy of the roster of the association was found at the Rio Vista Public Library. Volunteers from the society copied the volume with the Public Library's permission in about 1989. The Rio Vista Library burned several years after the copy was made making the Alumni Roster a possible one-of-a-kind copy.

### **Historical Notes**

St. Gertrude's was founded as an academic boarding school for girls in Rio Vista as a direct result of the donation from one of Rio Vista's earliest pioneers, Mr. Joseph Bruning. Bruning became a large landholder near Rio Vista as well as being half owner of a laundry business and a partner in a large lumber company. Bruning was also the father of three daughters and had donated land in 1862 for Rio Vista's first public school. In order to give the kind of education he wanted for his daughters, he then donated the land and finances for the establishment of a Catholic School. The school was named St. Gertrude's after Mrs. Elizabeth Gertrude Bruning, Joseph's wife.

The usual school curriculum was taught as well as Catholic religious instruction and the important cultural subjects such as piano, instrumental music, painting, choir, chorus, creative writing, and fine needlework. Soon students came from the Mother Lode country; from the affluent farmers from Williams, Chico, Red Bluff; as well as merchants from San Francisco and Sacramento who all sent their daughters to the new Sisters of Mercy School in the small delta town. It should be remembered that St. Gertrude's Academy also educated males. The statement of attendance from 1878 roster lists the following:

Pupils in Young Ladies Academy	40
Pupils in Boys' Department	40
Pupils in Primary Department	35
Total attendance	115

In 1878, there were 26 boarding pupils and several applications have been made for the next session, January of 1879.

### **St. Gertrude's Alumni Association and the Index**

The St. Gertrude's Alumni Association was founded in 1925 by Sister M. Ursula at a gathering of former pupils of the Academy. It was created to perpetuate the friendships between the boarder, day students, and teachers of St. Gertrude's. The Roster was created during the years 1948-1949 by former pupils through personal exchange of letters, personal interviews, phone interviews, or interview of close relatives of those who attended the Academy. The roster is in sections, with additional data being added as more data was available. Another index was prepared listing the staff of St. Gertrude's Academy as well as the working officers and committee members of the Alumni Association.
